

EMPLOYMENT AGREEMENT

Full-Time Website Development & Digital Marketing

This Employment Agreement ("Agreement") is entered into on _____ between:

Employer: Paul Jewelers and Bhunte Jewelers, as applicable to the work and digital assets assigned by the Employer (collectively, the "Company").

Employee: Monu Soni

Address: _____

1. Position and Employment Status

Monu Soni is employed on a **full-time basis** as a **Website Developer & Digital Marketing Executive/Manager**. There is **no probationary period** under this Agreement. The Employee will perform website development, e-commerce management, digital marketing, SEO, advertising, analytics, automation, social-media support, and other reasonable duties related to the Company's online business.

2. Start Date

Employment will begin on: _____.

3. Place of Work

The primary place of work will be: _____, Delhi / Delhi NCR, India. Any remote-work or work-from-home arrangement will be subject to Company approval.

4. Working Hours

Days: _____ **Hours:** _____. The Employee will devote agreed working time and professional attention to Company responsibilities.

5. Salary

The Employee will receive a gross salary of **INR 55,000 (Rupees Fifty-Five Thousand) per month**, paid monthly and subject to applicable deductions and Indian law. Any bonus, incentive, or salary increase must be separately approved or agreed in writing.

6. Website, E-Commerce and Development Responsibilities

The Employee's responsibilities may include developing, maintaining and improving Company websites and e-commerce systems; Shopify; React applications; GitHub/source-code repositories; WordPress/WooCommerce; product uploads; jewelry photographs, descriptions, prices, SKUs and collections; mobile responsiveness; website speed; troubleshooting; backups; security; integrations; payment and shipping integrations; and other authorized development work.

7. Digital Marketing Responsibilities

The Employee may be responsible for Google Ads, Meta/Facebook/Instagram Ads, SEO, Google Analytics (GA4), Google Search Console, Google Tag Manager, Meta Pixel, conversion tracking, keyword research, website traffic analysis, marketing automation, social-media support, content coordination, and digital campaign reporting. The Employee must not exceed an advertising budget or incur material advertising expenditure without Company authorization.

8. Reporting and Performance

The Employee may be required to provide regular reports covering website updates, traffic, online sales, advertising spend, leads, purchases, conversion rates, cost per acquisition, ROAS, SEO performance, technical issues, and planned work. Advertising results are not guaranteed; however, the Employee is expected to report accurately, follow approved budgets, and use reasonable professional efforts to improve performance.

9. Ownership and Control of Digital Assets and Accounts

All websites, digital assets, accounts, systems, source code, repositories, advertising accounts, analytics properties and technology created, purchased, configured or managed in connection with **Paul Jewelers and/or Bhunte Jewelers** shall remain under the ownership and administrative control of the applicable Company as designated by the Employer. This includes domain names and registrar accounts; hosting and servers; Shopify; React websites/applications; GitHub organizations and repositories; WordPress/WooCommerce; databases; Google Ads; GA4; Google Search Console; Google Tag Manager; Google Business Profile; Meta Business Manager/Business Suite; Facebook and Instagram business accounts; Meta Ads and Pixels; email marketing; CRM; cloud storage; APIs; integrations; payment and shipping integrations; business email; backups; design files; marketing materials; and other Company digital assets.

10. Primary Owner and Administrator Rights

Paul Jewelers and/or Bhunte Jewelers, as designated by the Employer for each applicable asset, must remain the **primary owner, super administrator, organization owner, or highest available level of administrative control** wherever the platform permits. Company-controlled email addresses and phone numbers should be used for primary ownership, recovery and security wherever reasonably possible. The Employee shall receive only the access reasonably necessary for assigned duties and shall not make a personal email address, telephone number or personal account the sole owner, sole administrator or sole recovery method for Company digital assets.

11. Source Code, React and GitHub

All source code created specifically for Paul Jewelers or Bhunte Jewelers within the scope of employment shall be stored in a Company-controlled GitHub organization/repository or another repository designated by the Employer. The Employee shall not maintain the only copy of Company source code on a personal computer, personal GitHub account or personal cloud account. Subject to applicable law and disclosed pre-existing intellectual property, work created within the scope of employment for the Company shall belong to the applicable Company.

12. Passwords, Credentials and Security

The Employee shall not intentionally change Company ownership without authorization; remove a Company administrator; lock the Company out of an account; change recovery information to personal information without authorization; withhold credentials, recovery codes or administrative access; transfer Company assets to a personal account; or delete source code, websites, databases, advertising accounts or Company data without authorization. Multi-factor authentication should be enabled for important accounts whenever supported.

13. Intellectual Property and Work Product

Subject to applicable law, website code, designs, graphics, product pages, advertisements, marketing materials, photographs created for the Company, written content, databases, reports, campaigns, automations and other work created specifically within the scope of employment for the Company will belong to the applicable Company. Pre-existing tools, code or intellectual property belonging to the Employee should be disclosed in writing before being incorporated into Company work.

14. Confidentiality

The Employee must keep confidential Company information private, including customer information, sales information, jewelry pricing and costs, supplier information, advertising information, website data, credentials, business strategies, financial information and internal documents. Confidential information may only be used as necessary for authorized Company duties. This obligation continues after employment ends to the extent permitted by applicable law.

15. Customer Data

Customer information and Company business data must only be used for authorized Company purposes. The Employee may not sell, improperly copy, transfer, disclose or use such information for personal purposes or another business.

16. Outside Work and Conflicts

The Employee must disclose outside employment, freelance work or business activities that create an actual conflict with Company responsibilities. During agreed Company working hours, the Employee may not perform unrelated paid work without authorization. Nothing in this clause is intended to impose a restriction prohibited by applicable law.

17. Company Property

Company equipment, documents, files, credentials, customer records and other property provided to the Employee remain Company property and must be returned when requested and upon termination of employment.

18. Leave and Statutory Benefits

Leave, holidays, statutory benefits and other employment entitlements will be provided according to applicable Indian and local employment laws and Company policy.

19. Termination and Notice

Either party may terminate employment by providing _____ **days' written notice**, or payment in lieu of notice where permitted and applicable. Termination for misconduct or other cause will be handled in accordance with this Agreement and applicable law.

20. Mandatory Handover Upon Leaving

Upon request and no later than the Employee's final working day, the Employee must reasonably cooperate with a complete handover of Company digital assets under the Employee's possession or control. This includes administrative access, source code, GitHub repositories, website files, databases, credentials held by the Employee, recovery information, API documentation, advertising campaigns, analytics configuration, design files, backups and reasonable documentation necessary for another developer to continue the work. The Employee must not intentionally delete, disable, damage, conceal, retain or interfere with Paul Jewelers or Bhunte Jewelers digital property after employment ends.

21. Applicable Law

This Agreement will be governed by applicable laws of India. Any mandatory employee rights under applicable law will not be reduced by this Agreement.

22. Entire Agreement

This Agreement, together with written Company policies or annexures incorporated into it, constitutes the parties' agreement concerning the matters covered herein. Changes should be made in writing and signed by the parties where required.
